Summary

Experienced UI developer having hands-on experience in designing, implementing and developing high-quality software designs & architecture. Proficient in writing efficient clean code and comfortable in interacting with the clients to successfully execute projects ensuring 100% client satisfaction.

Professional Experience

CleverX   India
Frontend developer   Sept 2021 - Present
- During my time here, I have contributed to the development of a powerful tool that seamlessly integrates with third-party survey tools and CleverX experts. Additionally, I have played a key role in the development of an online project and meeting feature that enables clients and experts to connect and collaborate effectively.

Tata Consultancy Services   Chennai, India
Frontend developer   July 2019 - Sept 2021
- Worked on Staples rewards
- Created common UI components for Staples
- Converted designs & wireframes to pixel perfect UI code.
- Optimized code to deliver high performance and fast loading times.
